

CAMERON COMMUNITY COUNCIL

Our Local Place Plan

“Drop In” Saturday 13th April, Cameron Hall

Local Place Plans were introduced by the Planning (Scotland) Act 2019. They offer communities the opportunity to develop proposals for their local areas, expressing their aspirations and ambitions for the future, by feeding in to an ultimately better-informed local planning system.

A big thank you to everybody in Cameron who contributed their thoughts in 2023. Your feedback will form the basis of our 2024 submission for Cameron.

Thanks to a change of deadline, there is now a further opportunity to express your views. It is timely to consider the future, with a new plan for Golf Development by A&M Fife under discussion for Feddinch and a potential extension proposal for the current housing development at Lathockar from Niven Homes.

You can express any new views by e-mail, via the website (details overleaf) or by coming along to our “Drop In” event at Cameron Hall on Saturday 13th April, from 1pm - 5pm.

At our Cameron Hall “Drop In” you can see details of the new Feddinch and Lathockar proposals. You can also meet members of the new Cameron Community Council.

We do hope to see you on Saturday 13th April!
